House passed an amendment on the Senate version of the bill on 1-31-08. Because of that amendment, the Senate must look at the bill again.	HB 89	Representatives: Bearden, Timothy 68th, Horne, Billy 71st, Hatfield, Mark 117th, Maddox, Gene 172nd and Smith, Tommy 168th.	<p>Firearms possession http://www.legis.ga.gov/legis/2007_08/sum/hb89.htm <i>(The above is the 1-17-08 version. Most recent version, passed 1-31-08, is not available on the web.)</i></p> <p>To fully understand the legislation, GACP suggest that everyone read the complete Senate substitute. There have been many changes since the original bill was filed in the House. The original bill, as well as the substitute passed by the Senate on 1-17-08, allows for firearms to be kept anywhere in a vehicle by any person who could obtain a firearms license. In addition, that version of the bill allows license holders to have their firearms in their vehicle despite the objection of the land owner (parking lots); provides tight timeframes for the probate judges to issue the firearms license; and allows firearms in parks, historical sites, and recreational areas. It also provides penalties for persons, who attempt to solicit, persuade, encourage or entice any dealer to transfer or otherwise convey a firearm other than to the actual buyer (Bloomberg Amendment). However, an amendment to the bill by the House on 1-31-08 would now allow firearms at many public gatherings such as; churches, bars, K-12 sporting events, public transportation systems such as MARTA, and many other locations.</p>	GACP continues to oppose this legislation for many reasons including officer safety. The last amendment makes this bill extremely harmful to the tranquility of society. Perhaps, because of the added language, the Senate will not concur with the House's amendment?
Passed the House overwhelmingly (165 - 6) on 1/28/08. Now the bill moves to the Senate.	HB 301 (Cross Reference SB 16)	Representatives: Reese, Bobby 98th; Knight, David 126th; Roberts, Jay 154th; Williams, Al 165th; Jacobs, Mike 80th; and Maddox, Gene 172nd.	<p>Dogfighting prohibition http://www.legis.ga.gov/legis/2007_08/fulltext/hb301.htm (See SB 16 also.) The House Judiciary Non-Civil Committee offered a substitute bill. This bill provides for increased penalties for dogfighting, The bill addresses person who possess, train, transport or sells dogs for this purpose. Additional penalties for person that wager on these events and for attending the events.</p>	GACP supports this legislation.
Favorably reported out of the House Committee on Judiciary Non-Civil on 1/30/08.	HB 333	Representatives: Starr, Wade of the 78th; Talton, Willie of the 145th; Lunsford, John of the 110th; and Glanton, Mike of the 76th.	<p>Destruction and/or sale of weapons used in the commission of a crime or delinquent act http://www.legis.ga.gov/legis/2007_08/versions/hb333_LC_28_3265_a_2.htm Requires the proceeds from the sale of weapons or devices confiscated by a State law enforcement agency to be paid into the State treasury and proceeds from the sale of items confiscated by local law enforcement agencies to go into the county or city treasury.</p>	Sounds reasonable.

Also allows person with firearms license greater liberty as to where they may carry a firearm. For firearms license holders, most of the "public gathering" restrictions related to firearms possession are removed (including private schools, churches, political rallies, bars, etc.). Includes Bloomberg Amendment (see HB 89 above). Provides timeframes for issuing firearms license. Allows firearms in parks, historical sites and recreational areas with firearms license. Some parts of this legislation has been incorporated into HB 89.	GACP is very concerned about allowing firearms at "public gatherings" as well as other parts of this bill.

Out-of-state law enforcement officers; arrest certain offenders http://www.legis.ga.gov/legis/2007_08/sum/hb983.htm This will allow law enforcement officers from neighboring states to continue "fresh pursuit" into Georgia and make arrest in felony cases and vice versa. Without this legislation, out-of-state law enforcement agencies have no real authority to make arrest. NOTE: According to GSP, Georgia and Alabama are the only two states in our region without such a law.	GACP supports this legislation.

Witness Identification Accuracy Enhancement Act http://www.legis.ga.gov/legis/2007_08/sum/hb997.htm The legislation will require agencies to adopt written policies for "showups, photographic lineups, or physical lineups." On and after July 1, 2011, this legislation will require all photographic lineups and physical lineups to be conducted by peace officers that have successfully completed in-service training regarding this topic. Agencies will be required to have written procedures for witness identification.	GACP has been very involved with this legislation. It appears an acceptable compromise has been reached. There will be some changes to existing training and some additional training requirements.
